i-Zipscreen®  
Advanced Outdoor Blinds System

# All Seasons COMFORT

## i-zipscreen®

### High-Tech Motorized Outdoor Blinds

i-zipscreen systems are motorized outdoor blinds that were designed for your all season comfort. The main point of the system is izip-screen's specially designed zip which is welded to the edges of the blind fabric. Specially, ensures great privacy and year-round protection from sun, wind, rain and insects. i-Zipscreen®'s lock technology with its base closure band obtains perfectly protection from sunlight/UV rays.

### Technology

The zip, the channel and the edge of the blind are all contained within an elegant, slim, aluminium side channel which prevents the blind from drooping and wrinkling. Side channels have self-aligning secure guided movement and all part of the system is made by %100 stainless steel.

### System

The system can be produced in widths up to 7 metres and drops up to 5 metres, which fits almost any area you may build-in. i-Zipscreen® is super-strong, flat curtain which saves energy. As an innovative solution you can adapt i-Zipscreen® to wherever you like.

### Architecture

i-Zipscreen® brings new and seasonal values with its impressive functional and aesthetic features for your architectural solutions. Whatever your blackout, screening or shading challenge, i-zipscreen has a solution with its a range of different fabrics and colors.

# i-zipscreen® For Aesthetic Solutions
